Regent Greg Shumate seconded Regent Richard Boyce's motion to approve the minutes of the November 9, 2017 Board of Regents meeting. (**Motion carried**)

Presidential Comments:

Good afternoon and thank you for the opportunity to make a few remarks before we get to the direct business of the Board.

December Commencement

A few weeks ago, we celebrated our annual December commencement. I have to say what a special privilege it was for me to be on stage to congratulate each of our newest graduates. The look of sheer joy on their faces as they crossed the stage is a memory I will not soon forget.

In December, we conferred about 1200 degrees and certificates upon a talented, diverse, and dedicated group of men and women. The number of degrees conferred in December is on par

Board of Regents
January 10, 2018

with the record setting pace of the past few years. This success is due in large part to the dedication of our faculty and staff from all organizations within the university who together focus intently on ensuring that our students continue to be retained and graduated at record numbers.

Enrollment

Although we are not yet through the first week of the semester, I have some encouraging news to share about our enrollment numbers. Although official numbers are not obtained until later, as of the first day of class, our total headcount looks to be up very slightly – by 11 students, but up. If this trend holds, it will be the first increase in spring to spring enrollment since 2011.

The momentum from the fall appears to be carrying through to the spring. On top of the large number of December degrees awarded, we are adding more new students as well as continuing to improve our retention and persistence rates. I will provide final spring to spring enrollment results after the final census is taken in March.

Student-Athlete Academic Success

Speaking of records, our student-athletes continue to shatter them in the classroom. For the Fall 2017 semester, the student-athlete cumulative GPA was a 3.37; that's over 0.1 higher than last year's record and makes 13 consecutive semesters with a GPA over 3.0.

Congratulations to the entire Athletic Department, the student-athletes, their professors and advisors for this sustained commitment to academic excellence.

And, oh by the way, our recent men's basketball victory over conference foe Oakland University was not only an exciting game, but it was televised on ESPN2 to a national audience in prime time. Great success on a national stage.

Sue Hodges Moore

Last month, Sue Hodges Moore, our Senior Vice President of Administration and Finance, announced that she is retiring from NKU at the end of February. Sue has dedicated over 40 years of her professional life to higher education in Kentucky through service to NKU, CPE, and the University of Louisville.

While her pending retirement from NKU is not news to anyone here, I wanted to take a moment in this setting to thank Sue during what is her final Board of Regents meeting at NKU. Sue, thank you for your many years of dedicated service to this university and to higher education in our Commonwealth. You have truly made an enormous positive difference in your university. You will be missed. We all wish you the best in your new endeavor as Chief Strategy Officer at Ball State University.

US 27 Development

One of the projects Sue and her team have worked on during her tenure is the US 27 development. A few weeks ago, I was joined by representatives from Highland Heights, St. Elizabeth Healthcare, and Fairmount Properties to announce the plan for a mixed-use, town center-style development along US 27 and Nunn Drive. The development will serve as an exciting gateway to our campus featuring restaurants, market-rate apartments, a hotel, retail space, and a large medical office building for St. Elizabeth and their partners at OrthoCincy. This currently vacant space will be transformed into a regional gathering place both for campus and the community.

The development agreement was signed between us and Fairmount Properties, the developer, prior to winter break. While there is still work to be done in finalizing other legal elements of the project, we expect construction to begin later this year. More to come as this exciting project takes shape.

50th Anniversary and Homecoming

Mark your calendars for Homecoming and the 50th Anniversary Kickoff. Homecoming begins on Sunday, February 4th and runs through Saturday, February 10th with the crowning of the King and Queen at the men's basketball game. The 50th Anniversary will kick off with the Alumni Awards Celebration on Friday, February 9th. Stay tuned for more information about all these events and activities.

Budget/Pension Update

Finally, we can't have presidential remarks without mention of budget.

First, we have been informed by our friends in Frankfort that our current fiscal year state appropriation will be cut by \$516K. I will provide greater details to the campus within the next several days by way of a campus wide message, so stay tuned.

Second, the Governor will present his budget for next fiscal year to the General Assembly next Tuesday, January 16th. We've been warned to expect further cuts, so as we manage the current year cut, we will do so with an eye on preparing ourselves for what is likely to follow.

At the same time, the Governor and General Assembly assert their continued intent to address pension reform to get our arms around a program whose cost is at the heart of the state's financial challenges. We received some indication that the Governor's presentation will include alternative budgets – one with and one without pension reform.

We have been strong advocates for pension reform that transforms our current system into one that is sustainable and affordable for the state and for us as a public employer. So, we look forward to working with our elected leaders over the next several weeks as they continue this pension reform effort.

Despite the challenges with the state budget, including the pension concern that has a substantial and direct adverse financial impact on us, we are not letting up efforts to obtain the remaining equity funding that the Governor and General Assembly addressed partially last biennium.

To that end, I am sending out a message today to the entire campus community and our friends urging your strong advocacy with the Governor and our legislators to address the remaining component of NKU's funding disparity as the state addresses these other issues. Your strong efforts were responsible for our success last biennium in obtaining an additional \$5.1M in state funding, and we are encouraged by numerous government officials that a strong advocacy effort this year can also be successful. So, we need your advocacy - please read my message and follow up as requested to contact the Governor and our legislators – it will make a difference. Thank you in advance for your response to my request.

Mr. Boehne, this concludes my remarks.

B. Presidential Reports:

1. Facilities Management Report (Senior Vice President Sue Hodges Moore)

- a. Health Innovation Center/Founders Hall Renovation
- b. Condensate Leak Repair
- c. Energy Savings Performance Contract
- d. Business Academic Center Roof Restoration
- e. Incubator Two Roof Restoration
- f. Science Center Roof Restoration
- g. Kentucky Hall Renovation
- h. Sustainability
- i. US 27 Development
- j. North Connector Road

2. Research, Grants, and Contracts Report (October 1, 2017 – November 12, 2017) (Provost and Executive Vice President Sue Ott Rowlands).

During the October 1, 2017 through November 12, 2017 time period, 6 grants were awarded. The total amount of money awarded was \$179,819. For the Fiscal year 2017-2018, the cumulative total number of grants awarded is 25 totaling \$2,260,337.

3. Fundraising Report (July 1, 2017 through November 30, 2017) (Vice President Eric Gentry).

The Fundraising Report summarized fundraising resources committed from July 1, 2017 through November 30, 2017 totaling \$7,416,810 in support of the university.

4. Quarterly Financial Report (Senior Vice President Sue Hodges Moore).

The Report was reviewed by the Board of Regents Audit Committee in accordance with Article III (D) (2) of the Board of Regents Bylaws.

5. Policies Report (Senior Vice President Sue Hodges Moore).

The Policy Report summarized all policies that were approved at the executive-level after proceeding through the campus vetting process. The President and other university administrators determined that approval of these policies by the Board of Regents was not needed per the criteria established in Presidential Recommendation C-7 of the January 2015 regular meeting.

C. Presidential Recommendations:

FACILITIES MANAGEMENT REPORT

1. Health Innovation Center/Founders Hall Renovation

The 2014 General Assembly provided \$97 million in state bond funding for design and construction of the Health Innovation Center project which includes the full renovation of Founders Hall. A gift of \$8 million from St. Elizabeth Healthcare has increased available project funds to \$105,000,000.

The Health Innovation Center will be a comprehensive health science education and applied research facility located in the core of NKU's campus. The project will position the university to be a leader in this field, to enroll and graduate professionals trained for the changing face of health education and wellness. To meet these goals, the university's approach is collaborative and interdisciplinary, involving numerous academic disciplines, including health, social science, information science, and the physical and life sciences.

Upon completion, the building will be light-filled, open and inviting. It will feature active learning classrooms as well as spaces designed to advance nursing and health science education, including a clinical suite; medical simulation suite; nursing, radiology and respiratory skills labs; a biopsychology and a neuroscience lab; advanced kinesiology lab; movement studio; innovation studios; offices; and a café and spaces designed to build community. The building features a dramatic split-level public space which connects the Central Plaza with the West Quad. The new building has been planned as a pair of wings or lofts oriented along the east-west direction to optimize solar orientation. The lofts are positioned directly adjacent to Founders Hall, creating multiple collaborative common areas. They are connected via bridges to Founders Hall across a narrow four story atrium space, joining the new construction with the existing building. A large skylight at the roof level will allow natural daylight to spill down through the atrium space.

The occupants of the HIC/Founders buildings will include the College of Health Professions and its departments and centers; the Political Science, Criminal Justice & Organizational Leadership department; the Honors College; and the St. Elizabeth Healthcare Executive Director of the Institute for Health Innovation and Vice President for Health Innovation.

Construction Progress

Health Innovation Center: The exterior envelope is complete. Work efforts are now focused on completion of the lower two floors. Building systems have entered the commissioning stage. NKU IT is activating the building data network system in a phased roll out. Furniture is being installed.

Founders Hall: The building is essentially complete. The 3rd, 4th and 5th floors are complete. Building systems have entered the commissioning stage. NKU IT has activated the data network system in the building. Furniture is being installed.

Health Innovation Center/Founders Hall Renovation – Continued

Exterior Work: Exterior site work is essentially complete. Lot C was opened for reserved and handicap parking on January 3rd.

The project is currently on schedule and within budget.

Architects: CO Architects/GBBN

Engineers: CMTA Consulting Engineers, THP, Kleingers & Associates

Special Consultants: Sextant Group, Vivian Llambi, SM&W, W5 Design

Construction Manager: Turner Construction

Scope: \$105,000,000

Anticipated Completion: Spring 2018

2. Condensate Leak Repair

Steam is pumped from the Power Plant to BB&T Arena for heat and hot water. The condensate line, which returns hot water to the Power Plant and runs under University Drive, has failed and needs to be repaired or replaced. A camera investigation of the pipe's interior identified the source of the leak to be a series of holes spanning a twenty foot section of pipe. Staggs & Fisher evaluated options to line the current pipe, replace it, or decentralize the BB&T Arena from the Power Plant. They recommended the piping be replaced. CMTA was then hired to develop drawings and bid documents. The project has been awarded to Blau Mechanical and work will begin after graduation.

Engineer: Staggs & Fisher – Option Evaluation
CMTA – Replacement Engineering

Contractor: Blau Mechanical

Scope: \$375,000

Fund Source: Deferred Maintenance Pool

Anticipated Completion: August 2018

3. Energy Savings Performance Contract

In September 2016, an RFP was issued to select an ESCO (Energy Savings Contractor) to serve as a partner on a potential Energy Savings Performance Contract (ESPC). CMTA Energy Solutions, one of two shortlisted firms to make a presentation in February, was selected and completed a comprehensive technical energy audit in May. The audit report identified potential energy conservation measures. Results of the audit and recommended ECMs (Energy Saving Measures) have been reviewed and CMTA obtained costs for the selected measures. The project has been placed on hold due to financial considerations.

Engineer: CMTA Energy Solutions

Estimated Scope: \$3,900,000

Fund Source: Guaranteed Energy Savings

Anticipated Completion: TBD

4. Incubator Two Roof Restoration

The metal roof on Incubator Two, original to the building (1989), is showing signs of stress and is leaking in one area. By applying an acrylic elastomeric coating, the leak can be stopped and the roof protected at a fraction of the replacement cost. In July 2016, the metal roof on Incubator One was restored using a similar process.

The project was awarded to West Roofing Company and the restoration, originally planned for the fall 2017, will be completed in the summer 2018, due to a scheduling conflict.

Contractor: West Roofing Company

Scope: \$30,000

Fund Source: Deferred Maintenance Pool

Completion: Summer 2018

5. Science Center Roof Restoration

The Science Center (SC) roof, original to the 2002 building, is at 75% of its life expectancy. Considering the roof's age and overall condition, roof restoration, rather than complete replacement in a few years, significantly extends the current roof's life, saves resources, reduces replacement costs by up to 50%, and reduces landfill materials up to 10%, among other benefits.

This project will restore the roof by repairing the existing two-ply membrane as needed and installing a new reinforced fluid applied monolithic membrane on the entire roof. In the Greenhouse area, where the roof is leaking, the majority of the insulation will need to be replaced and the source of the leak identified and fixed. The roof will have a 20 year warranty.

The project was awarded to Imbus Roofing. Originally planned to begin in fall 2017, the project is now scheduled to begin in spring 2018 and will be completed in summer 2018.

Science Center Roof Restoration - Continued

Contractor: Imbus Roofing

Scope: \$600,000

Fund Source: Deferred Maintenance Pool

Anticipated Completion: Summer 2018

6. Kentucky Hall Renovation

Kentucky Hall was taken offline in January 2018 to allow two important investments to occur in the building during the spring and summer of 2018.

The original two-pipe HVAC system in Kentucky Hall is well past the end of its useful life. An air cooled variable refrigerant flow system will be installed, which will increase energy efficiency and occupant comfort, providing humidity control in humid months and heating and/or cooling at the room occupant's discretion. The existing two-pipe system cannot provide humidity control and is either in heating mode, or cooling mode.

The other major investment included in this project is the complete redesign of the building's communal restrooms. For each floor, which houses 22 students in 11 double occupancy rooms, the new restroom design includes:

- two private shower rooms;
- two private toilet rooms;
- a common sink area; and,
- one private shower/toilet/sink restroom.

This redesign creates privacy where it is most valued, is on par with current design standards for new residence halls of this type, and is consistent with student preferences.

Construction for the project has started and is scheduled to be complete for the fall semester.

Architects: SHP Leading Design

Engineers: CMTA

Contractor: Pepper Construction

Scope: \$3,100,000

Fund Source: University Housing

Anticipated Completion: Fall 2018

7. Sustainability

Recyclemania, a friendly competition for college and university recycling programs began on Monday, February 5th. NKU has participated in this 8-week competition for over a decade now and NKU Sustainability will track the University's trash and recycling rates weekly to then compare to universities nationwide.

8. US 27 Development

Fairmount Properties continues their due diligence and planning for the US 27 Development project. The project will be a mixed-use development with a pedestrian-friendly, ground floor street presence of about 30,000 square feet. Current planning for the site includes a 67,000 square foot office on the north side of the Nunn Drive intersection for St. Elizabeth Healthcare and OrthoCincy and a mix of full-service and casual restaurant type retail tenants, a 100-110 room hotel, 150-200 market rate apartments, parking and office space on the south side. Retail uses will result in a safe, active pedestrian experience complete with al fresco dining on patios, sidewalk amenities, public art installations and an urban environment that embraces the notion of a unique street experience. Fairmount supports their retail and business partners with public spaces meant to inspire spontaneous interaction and accommodate events such as festivals and performances.

Fairmount Properties has developed over one million square feet of mixed-use facilities within university environments, creating campus gateways, reinventing campus edge districts, and aiding in the recruitment and retention missions of its university partners, including the College Town at the University of Rochester and College Town Kent.

Efforts over the last several months have included extensive discussions with the local and regional community, including discussions with possible tenants; meetings with the Transportation Cabinet, TANK, Tri-Ed, the Chamber, and city and county officials; and, work to complete the TIF (Tax Increment Financing) application for the development, which is key to the type of parking that can be constructed on the site.

A public event, announcing key project partnerships, was held in December to update the campus, community and region about this important project at the campus gateway. The process for gaining city of Highland Heights approval for expansion of the TIF district is underway. Once approved, the state TIF application can be submitted.

9. North Connector Road (Norse Boulevard)

Bray Construction is the contractor for this long-awaited federal and state-funded project. The north connector, now known as Norse Boulevard, represents a construction cost of \$10.6 million for the first phase of the overall \$30 million project. The one-mile long Norse Boulevard begins at a roundabout intersection at Three Mile Road, climbs the hill and crosses between the Maintenance Building and Campbell Hall as it runs along the west side of the new intramural fields, west of Woodcrest and through the rear, formerly gravel section of parking lots L, K, A and G; ending at a new roundabout at Johns Hill Road. The road includes an 8 foot wide combination sidewalk/bike lane on the campus side of the road. Johns Hill Road includes bike lanes and sidewalks extending to the I-275 overpass.

North Connector Road (Norse Boulevard) - Continued

Norse Boulevard's roundabout at Johns Hill Road opened on August 20th, providing access to new Parking Lot K and Campbell Hall. Construction of the Three Mile Road roundabout is complete; remaining work involves the removal of the earthen embankment to allow the final section of the Connector Road to be constructed. The contractual completion date for this section of Norse Boulevard is Summer 2018.

A south section of Norse Boulevard, which is to be built later, will extend south of Johns Hill Road over a mile, connecting with Pooles Creek Road near its intersection with AA Highway. Norse Boulevard was a high priority of both the 2000 and 2009 Master Plans and upon completion, will resolve traffic congestion in the core area of campus.

RECOMMENDATION:

The Board of Regents hereby approves the following naming actions:

- (1) The naming of an endowed fund to support students in Library Informatics programs. “Schlachter Family Endowed Scholarship”
- (2) The renaming of an endowed fund titled the Frank S. Milburn and Carol J. Swarts Award for Innovative Research and Creativity. Supports a competitive award for faculty in the College of Arts and Sciences. “Frank Sinton Milburn Innovative Idea Initiator Award (FSM I³)”
- (3) The naming of an endowed fund to support educator awards for professional development in STEM education. “Elenore Gakemeier Fund for Educator Leadership”
- (4) The naming of an endowed scholarship in support of students enrolled in Chase College of Law. “Richard M. and Catherine J. Rothfuss Endowed Scholarship”
- (5) The naming of a scholarship in support of first-year, at-risk students who participate in NKU’s UCAP program. “Jackman Scholars”
- (6) The naming of a walking path between Founders Hall and Nunn Hall leading down to the Health Innovation Center. “Founders Walk”

BACKGROUND:

Naming actions in connection with private gifts are governed by NKU Administrative Regulation-II-4.0-2, section 2.2. NKU’s Naming Policy provides for naming opportunities in consideration of a major contribution to the university. The policy allows flexibility in determining the level of contribution appropriate for each naming action, enabling each gift to be judged on its own merit.

After careful consideration by university officials and unanimous support by the University Naming Committee, it was recommended to offer the following naming recognitions.

- (1) The university has received a major gift commitment in support of students pursuing degrees in Library Informatics programs

Donor: Rosemary and Mark Schlachter

Naming Gift: \$600,000 with \$100,000 paid as a cash gift of four annual installments of \$25,000 with the first installment due by December 31, 2017 and the final installment due by December 31, 2020. The remaining \$500,000 will be paid with a planned gift established by the donor. Of the cash gift, \$80,000 (\$20,000/year for four years) will support scholarships for students pursuing degrees in Library Informatics programs; and \$20,000 (\$5,000/year for four years) will provide mission support for the W. Frank Steely Library.

Scholarship Naming: Schlachter Family Endowed Scholarship

Mark and Rosemary Schlachter have provided significant support for the W. Frank Steely Library including Friends of Steely Library Lifetime Membership and the Schlachter Family Archives.

(2) The donor wishes to rename the award to recognize her late husband's innovative spirit and better describe the intent of the award

Donor: Carol Swarts

Naming Gift: \$25,000 gift established the award in 2016 and was enhanced with a recent planned gift of \$1,300,000

Naming: Frank Sinton Milburn Innovative Idea Initiator Award (FSM I³)

Dr. Carol Swarts has been a longtime supporter of NKU faculty and students through her establishment of the following endowments: Frank Sinton Milburn Outstanding Professor Award, Karen Ruschman Endowed Nursing Award, Straws Biology Study Abroad Endowed Scholarship, Swarts and Milburn Undergraduate Research Award, and Carol's Peripatetic Scholarship along with support for the Mayerson Student Philanthropy Project.

(3) The university has received a major gift in support of CINSAM's educator awards for professional development in STEM education

Donor: Carol Swarts

Naming Gift: \$150,000

Naming: Elenore Gakemeier Fund for Educator Leadership

Dr. Carol Swarts has been a longtime supporter of NKU faculty and students through her establishment of the following endowments: Frank Sinton Milburn Outstanding Professor Award, Karen Ruschman Endowed Nursing Award, Straws Biology Study Abroad Endowed Scholarship, Swarts and Milburn Undergraduate Research Award, and Carol's Peripatetic Scholarship along with support for the Mayerson Student Philanthropy Project. This new endowed fund is named for her mother who was a lifelong teacher.

(4) The university has received a major gift commitment to provide scholarship support for students in the Chase College of Law who demonstrate academic promise.

Donor: Richard M. and Catherine J. Rothfuss

Naming Gift: \$150,000 (\$50,000 cash gift and \$100,000 planned gift)

Naming: Richard M. and Catherine J. Rothfuss Endowed Scholarship

Richard and Catherine Rothfuss have been longtime annual supporters of Chase College of Law. Richard is a 1977 graduate of Chase College of Law, and Catherine is a 1973 NKU graduate. Richard is the recipient of the 2007 Outstanding Alumnus Award from Salmon P. Chase College of Law and serves on the Chase Board of Visitors.

(5) The university has received a major gift commitment to provide scholarship assistance for first-year, at risk students who have a GPA between 2.5 and 3.5 upon entering NKU and who participate in the University's Connect and Persist (UCAP) program.

Donor: Amy and Jason Jackman

Naming Gift: \$75,000 (three installments of \$25,000 paid over three years with the first installment paid by June 30, 2018 and the remaining installments by June 30 of 2019 and 2020 respectively)

Naming: Jackman Scholars

Jason and Amy Jackman recognize that the challenges a number of NKU students face (first-generation to attend college in their family, low/middle income, employment outside of classes, etc.) require a set of tools to overcome those obstacles in order to persist and graduate.

(6) In recognition of the university's 50th anniversary in 2018, the walking path between Founders Hall and Nunn Hall leading down to the Health Innovation Center will be named Founders Walk.

RECOMMENDATION:

That Mr. C. Bruce Johnson receive an Honorary Doctor of Letters Degree. The recommendation comes from Diana McGill, Dean of the College of Arts and Sciences, and has been approved and endorsed by the Provost and Executive Vice President for Academic Affairs, as well as the President.

BACKGROUND:

Mr. Johnson is an NKU alumnus, graduating with a degree in Political Science. He went on to earn his Master's degree in Public Affairs from the University of Cincinnati. He is an award-winning news anchor, just having celebrated his 41th year with WUSA in Washington, DC. He has won over 20 Emmy's, has been honored by being placed in the Society of Professional Journalist's Hall of Fame, and has won hundreds of community awards and honors. He is a noted author and after surviving a heart attack in the early '90's, became a national advocate for heart health.

What makes Mr. Johnson's story so meaningful is what he has been able to accomplish in his career and for others (through his heart-health advocacy) given his early-life challenges. Like so many of our students, Mr. Johnson was a first-generation college student, coming from a single parent, low-income household in Louisville. With support from his mother and pastor, he first entered the seminary at the age of 16, then went to Kentucky State College in Frankfort before transferring to NKU. Also like our students, while he was majoring in Political Science at NKU, he interned at WCPO and worked with a news icon at the time, Al Schottelkotte. He continued to work while he completed his Master's degree at UC. He then moved to DC, working his way through the ranks to achieve his goal of becoming a news reporter and anchor.

In summary, Mr. Johnson represents everything to which we want our students to aspire. He did not let his humble beginnings block of his big dreams. Rather, he used the strength gained from his myriad of life experiences to make him better at what he did, becoming a now-legendary news anchor in the DC area. And he has leveraged his success to help others through his work with community agencies, especially with regard to his work in heart health issues. Finally, his story will resonate deeply with our students and could serve as a launch pad encouraging them to do equally great things in their lives. I very much someday want to shake the hand of this fellow NKU alumnus who has contributed so much to the world after starting out with so many challenges in life.

RECOMMENDATION:

That Ms. Alice Sparks receive an Honorary Doctor of Education Degree. The recommendation comes from Gerard St. Amand, Interim President, and has been approved and endorsed by the Provost and Executive Vice President for Academic Affairs.

BACKGROUND:

Alice's service to NKU began in 1992 when she was appointed to the Board of Regents, and her impact on this university and community continues to be felt to this day. In 1994, Alice was elected Chair of the NKU Board of Regents, becoming the first woman to chair a public university board in the Commonwealth of Kentucky. Her exemplary service to the Board concluded in 1999 when she was awarded the title of NKU Regent Emeritus.

In addition to her time on the Board, Alice has been a member of the Go Norse Fund Board's Executive Team since 2002, and was a co-chair of the University's Division I Athletics Campaign in 2002. She also served on the NKU Foundation Board of Directors from 1991 to 2009 when she ended her term with yet another Emeritus member status.

Alice has been extremely generous to NKU financially as well. She is directly responsible for nearly two million dollars in gifts to the university in support of athletics, student scholarships, and college building funds.

Alice's commitment to education also extends beyond NKU to the rest of the Commonwealth. She has served on the Board of Trustees for both the University of Kentucky and Thomas More College and the Foundation Board of Directors for Gateway Community and Technical College. Additionally, Alice was the Legislative Chair for the Kentucky State PTA from 1988 to 1993 and has been on the Board of Directors for the Governor's Scholar Program Foundation.

In recognition for her tremendous service and commitment to education, Alice was given the Cincinnati Enquirer's Woman of the Year Award in 1995, named as 100 Women of Distinction by the Wilderness Road Council in 2012, and given the Civic Leadership Award by Venue & LEAD Magazines in 2013.

RECOMMENDATION:

That Ms. Ellen Rieveschl receive an Honorary Doctor of Education Degree. The recommendation comes from Kevin Kirby, Dean of the College of Informatics, and has been approved and endorsed by the Provost and Executive Vice President for Academic Affairs, as well as the President.

BACKGROUND:

Northern Kentucky University became acquainted with Ellen originally through her work alongside her husband, Dr. George Rieveschl. Until George's passing in 2007, the couple were well-known thought leaders and philanthropists in the sciences and in the arts. Their philanthropy was (and is) visible all around town, from the Cincinnati Art Museum to the campus of University of Cincinnati. Their support of STEM at NKU began with a \$1M gift to support scientific instrumentation in the newly constructed Science Center in 2002, and continued with a \$300K scholarship endowment. Right now, their name is most visible in the landmark George and Ellen Rieveschl Digitorium, funded through another \$1M gift, and also on the new "Window into Informatics" Video Mural that is debuting this spring in Griffin Hall, supported by a \$100K gift.

Philanthropy aside, Ellen has been a guiding figure helping cultivate relationships between NKU and the community. In particular, her efforts on behalf of the College of Informatics have been especially profound. She has helped refine our messaging, working with our advisory board on crafting the communication plan being utilized for COI's part of the NKU 50 campaign. She has been a strong advocate for NKU in the community, and she is well-respected. She has brought nearly a dozen influential people on personal tours of Griffin Hall, and this has played a role in FY17 being the most successful fundraising year in the history of the College of Informatics. In brief, people in the community take Ellen's estimate of the quality of an institution seriously, and she has worked tirelessly to make sure we rise to those high standards.

Ellen is bright and well-read, with a keen analytical sense, perhaps stemming from her degree in Economics from the University of Cincinnati and her years as a business development specialist at Fifth Third Bank. She has served on the Cincinnati Art Museum and the United Way of Cincinnati Women's Leadership Council. Needless to say, UC vies heavily for her loyalty as an alumna, and she serves on their Board of Trustees. Nevertheless, she holds NKU in high esteem and she is invested in our success.

RECOMMENDATION:

That the Honorable Amul Roger Thapar receive an Honorary Doctor of Laws Degree. The recommendation comes from the Chase College of Law faculty and has been approved and endorsed by the Provost and Executive Vice President for Academic Affairs, as well as the President.

BACKGROUND:

Amul Roger Thapar is a federal judge on the United States Court of Appeals for the Sixth Circuit. He joined the court in 2017 after being nominated by President Donald Trump. Prior to his elevation to the Sixth Circuit, Judge Thapar was a judge on the United States District Court for the Eastern District of Kentucky. He joined that court in 2008, after being nominated by President George W. Bush. He was the first Indian-American judge named to the federal judiciary.

Prior to serving as a federal judge, Judge Thapar: (1) served as a law clerk to both Judge Arthur Spiegel (S.D. Ohio) and Judge Nathaniel Jones (Sixth Circuit); (2) worked in private practice in Cincinnati and in Washington, DC; (3) served as an Assistant United States Attorney in the Southern District of Ohio; and (4) served as the United States Attorney for the Eastern District of Kentucky. Judge Thapar has a strong connection to Chase, as he has served as a Distinguished Jurist in Residence and has taught his upper-level Supreme Court Seminar for several years. He has also advised students who are interested in seeking federal judicial clerkships; he has served as a guest speaker in Chase classes and for student groups; and he has coordinated visits to Chase by a number of prominent guest speakers.

Judge Thapar earned his bachelor's degree from Boston College in 1991. He earned his J.D. from the University of California at Berkeley School of Law in 1994.

Judge Thapar was nominated by President Donald Trump on March 21, 2017, to a seat on the United States Court of Appeals for the Sixth Circuit. The American Bar Association rated Judge Thapar *Unanimously Well Qualified* for the nomination. He was confirmed on a recorded 52-44 vote of the U.S. Senate on May 25, 2017, and he received his commission the same day.

Judge Thapar was nominated to the United States District Court for the Eastern District of Kentucky by President George W. Bush on May 24, 2007. The American Bar Association rated Judge Thapar *Unanimously Well Qualified* with one committee member abstaining. He was confirmed on a voice vote of the U.S. Senate on December 13, 2007, and he received his commission on January 4, 2008.

Approved by the NKU Board of Regents
Effective March 14, 2018

¹This chart includes functional areas at not less than the director level.

RECOMMENDATION:

That the Board of Regents authorizes the proposed dining, parking and housing fees for the 2018-2019 academic year.

BACKGROUND:

The proposed changes in dining and parking fees have received comprehensive review and discussion by the Executive Team and Student Government Association.

Parking Fees: Parking Services is managed as a self-supporting auxiliary unit. Proposed parking rate increases are required to cover upcoming construction and restoration of lots over the next 3-5 years. Overall parking rates are proposed to increase at a weighted average of 4%. The proposed rates reflect an increase of:

	Current Rates	Proposed Rates	Dollar Increase
Full Time Student per year	\$240	\$250	\$10
Full Time Student per semester	\$140	\$145	\$5
Summer Only	\$55	\$58	\$3
Full Time Faculty and Staff per year	\$370	\$385	\$15
Part Time Staff per year	\$185	\$190	\$5
Part Time Faculty per semester	\$29	\$35	\$6
Reserved Parking per year	\$790	\$810	\$20

Dining Fees: Dining Services is managed as a self-supporting auxiliary unit. Percent increases are based on the projected "CPI Food Away From Home" index. Dining increases proposed for 2018-2019 range from 2.5% – 3.0%. Details for dining fees are provided below.

MEAL PLANS
Per Semester

	Current Rates	Proposed Rates	Dollar Increase
Unlimited Plus \$100 Flex Dollars	\$1,925	\$1,975	\$50
Plan15 Plus \$100 Flex Dollars	\$1,770	\$1,820	\$50
Plan 15 Plus \$100 Flex + Takeout Option	\$1,825	\$1,880	\$55
75 Block Plus \$575 Flex Dollars	\$1,845	\$1,900	\$55
100 Block Plus \$425 Flex Dollars	\$1,845	\$1,900	\$55
125 Block Plus \$325 Flex Dollars	\$1,845	\$1,900	\$55
150 Block Plus \$175 Flex Dollars	\$1,845	\$1,900	\$55

BACKGROUND:

The proposed changes in housing fees have received comprehensive review and discussion by the Executive Team and Student Government Association.

Housing Fees: Housing is managed as a self-supporting auxiliary unit. Details for housing fees are provided below. Overall housing rates for 2018-2019 academic year are proposed to increase at a weighted average of 4%. In order to address a long-term approach to expand housing and address deferred maintenance and capital improvements on existing facilities, we are also proposing weighted average increases of 4% for 2019-2020 and 3% weighted average increases for 2020-2021, 2021-2022, and 2022-2023. The proposed housing rates are also needed to help cover increases in fixed costs, life safety upgrades, and other obligations.

RECOMMENDATION:

That Mr. Gerard St. Amand receive an Honorary Doctor of Education Degree. The recommendation comes from Richard Boehne, Chair of the NKU Board of Regents, and has been approved and endorsed by the Honorary Degree Committee, and the Provost and Executive Vice President for Academic Affairs.

BACKGROUND:

After spending nearly 25 years serving his country as an officer and lawyer in the Army's Judge Advocate General's Corps, Gerry joined NKU in 1999 as Dean of the Chase College of Law. Since that day, nearly every area of campus has come to benefit, in some way, from Gerry's steady and principled leadership.

Following a successful tenure as dean, Gerry was selected to serve as the vice president for university advancement in 2006. During his term, Gerry oversaw an era of tremendous growth and change within the university, including time spent as interim athletic director. In 2013, he returned to Chase as a full-time faculty member where he was able to pursue his passion for educating future generations of lawyers.

In addition to an already stellar resume, it is Gerry's desire to serve this university that remains perhaps his most impressive characteristic. He has disrupted his life not once but twice, giving of himself to ensure that this university is able to remain strong and competitive. Even though he had officially retired from NKU in May 2017, Geoff Mearns had just left, and we were in need of an interim president. Gerry yet again answered the call of his university to serve in that capacity during the transition, putting on hold his well-deserved retirement.

Our initial agreement was that Gerry would serve until December 2017, when we hoped to have our new president on board. When it became clear that would not happen, Gerry yet again put his personal life on hold and promised to continue on as interim president until the end of the academic year. He had every right to walk away, but within Gerry burns a deep commitment to duty and an even deeper commitment to NKU. His tremendous sacrifice to lead this university through a long and challenging transition is one that will not soon be forgotten.

Given that the policy for the granting of honorary degrees excludes current employees from consideration, the Board of Regents will need to waive that criterion in order to honor President St. Amand in this way.
